WHAT'S BEEN HAPPENING?

With Me in Mind

With Me in Mind have been running a four-week course with some of our Year 5 and Year 6 children focusing on worries and anxieties.

Miss Hollingworth hosted a WMIM coffee morning to introduce parents to the support that they can offer.

New Sensory Room

Following October half term we opened our new sensory room for the KS2 area, giving pupils a dedicated room to have their sensory breaks.

Lego Therapy

LEGO-Based Therapy is a social development program that uses LEGO activities to support the development of a wide range of social skills within a group setting.

The staff embraced this new way of using lego to support children!

INTERVENTIONS

Our pupils from key stage 1 and 2 have been really enjoying our Forest School intervention 'Tree-rific Tuesdays'.

During this half term they have made Pudsey Bear out of natural resources, carved some donated pumpkins with items they found in the forest school area, created a new bug hotel, designed their own dream catchers and created woodland creatures out of clay. Tree-rific Tuesdays allow pupils to work as a team, develop their self confidence and learn new skills.
